## Projects

**JobSpots - a Job Offer Platform**  [View]

- Developed a modern job offer platform with features such as advanced search and filtering to enhance user experience.
- Built using Vue 3, TypeScript, Vite, Tailwind CSS, and Pinia for state management, with GSAP animations for smooth interactions and engaging UI transitions.
- The project highlights clean design, responsive layouts, and efficient data handling to deliver a seamless and intuitive job-hunting experience.

**Cypress - Saas Landing Page**  [View]

- Developed a dark-themed SaaS landing page from design to code, ensuring pixel-perfect implementation and responsiveness across devices.
- Built with Vue 3, TypeScript, Tailwind CSS, and GSAP to deliver smooth animations, modern UI components, and an engaging user experience.
- The project demonstrates strong frontend development skills in turning design concepts into functional, production-ready code.

**Portfolio- Simreich**  [View]

- Built a personal portfolio website named Simreich, designed in Figma and developed into a sleek, modern, and fully responsive site.
- Implemented smooth GSAP animations and interactive transitions to enhance user engagement.
- Developed with Vue 3, TypeScript, and Tailwind CSS, focusing on performance, accessibility, and clean UI to effectively showcase projects and skills.

**Backend** - Node.js, PosgreSQL, Prisma

**Other Tools** - Git, Github, Figma, VSCode,

**Deployments** - Vercel, Netlify, AWS

## Experience

**Freelance | Frontend Developer**  **Upwork**
**2025**

Freelance Frontend Developer on Upwork, building responsive and modern web interfaces using Vue.js, React, TypeScript, and Tailwind CSS. I translated client requirements into functional, visually appealing interfaces, integrated APIs, and implemented animations for engaging user experiences, while ensuring optimized performance and timely project delivery.

**Freelance | Frontend Developer**  **Online Job PH**
**2024**

Freelance Frontend Developer on OnlineJobs.ph, creating responsive and modern web applications with React, JavaScript, and Tailwind CSS. Translated client requirements into functional, visually appealing interfaces, integrated APIs, and implemented animations for engaging user experiences. Consistently delivered optimized, high-quality projects on time through clear communication and attention to detail.

**Intern Frontend Developer**  **FlexCode**
**Feb-May 2024**

Intern Frontend Developer at FlexCode, where I gained hands-on experience building responsive user interfaces using JavaScript, HTML, and CSS. Assisted in translating design mockups into functional web pages, improving UI components, and ensuring cross-browser compatibility. Collaborated with the development team to debug issues, refine layouts, and enhance overall user experience.
